

High School Curriculum Weekly Update # 17

Students attempt to identify their desired lifestyle and relate it to occupations they have selected-are they compatible? The following Career Development Competencies will address this issue:

[Lesson Plan A3-L1](#) explores lifestyle choices. This lesson plan takes approximately 1-2 days.

[Lesson Plan A3-L2](#) digs deeper into how a person's values are a strong indicator of whether a person will be happy at their job. This unit will help students identify a desired life style by determining job needs, work value goals and future relationships. This lesson plan takes approximately 3 days.
