Social Networking

 WebQuest

Directions: Follow the steps below.

1. Log onto the web and go to Google or another search engine as directed.
2. Using the search engine, use the key words "Social Networking Sites and Work" or "Social Networking Sites and Workplace Harassment" or a similar combination. (A Social Networking Site is a site like Facebook or MySpace.)
3. Before exploring sights returned in your search, remember to surf smart:
 - a. Do not give out personal information.
 - b. If you ever question the information being asked for by the website, ask your instructor before giving out information.
 - c. Ask yourself if the website is a reliable source of information.
4. Find two sites which offer information about Social Networking Sites and the effects use of the sites may have in the workplace. Write the name and address of the sites below.

Website Title	Website Address
1.	
2.	

5. Record three key facts about impacts on the workplace of Social Networking Sites, or other advice offered by the websites.

Site 1	Site 2
1)	1)
2)	2)
3)	3)

6. Have you ever experienced negative impacts from a Social Networking Site?
7. What might be the consequences of posting negative information about a fellow employee or pictures of messing around at work?
8. What other types of websites might have serious repercussions to employees?
9. If you were an employer what are three rules you would write for employees to follow regarding Social Networking Site use at work or posted material that might affect work?

- 1) _____
- 2) _____
- 3) _____
